ABOUT US

RedHatNameBadges.com is part of our family-run business, Customized Creations (www.cCreations.com). The business started as a hobby in 1988, and became a full-time occupation in 1998 when my wife's multiple sclerosis reached the point where she shouldn't be left alone for long periods of time. Paula passed away in 2003, and my daughter and I now run the business (with occasional help from my grand daughters).
